

METAL MONKEYS

THE FIRST CAST IRON

SCULPTURE

WORKSHOP!

25TH
TO
31ST
MAY
2009

A week long workshop for 12 artists to explore the casting process using bonded sand moulds. In addition to learning about the casting process, mould making and the working of a continuous-flow Cupola furnace, artists will also have the unique opportunity to take part as crew, in the live Iron pour on the 31st May. A fantastic opportunity for expert tuition from Professor Daniel Hunt from Kansas State University, USA

Workshop Fee: 400 inc. 7 days tuition, materials, access to live Iron Pour event and afterparty, we even give you a limited edition T Shirt!
