

CAST IRON!

SCULPTURE

WORKSHOP!

28TH
JUNE
7th
3RD
JULY
2009

A week long workshop for 12 artists to explore the casting process, using bonded sand moulds. In addition to learning about mould making and the working of a continuous-flow Cupola furnace, artists will also have the unique opportunity to take part as crew in the live Iron pour on the 3rd July. A fantastic creative journey, with expert guidance and tuition from working artists including Professor Daniel Hunt of Kansas State University, USA

Workshop Fee: £400 incl. 7 days tuition, materials, access to live Iron Pour event and after party, we even give you a limited edition T-shirt!
